SUMMARY

Software Engineer with 3 years of extensive experience in java and Spring Boot. Proven track record of successfully delivering complex projects on time. Strong problem-solving abilities and a passion for innovation. Seeking new challenges to further enhance my skills and contribute to business growth.

WORK EXPERIENCE

COGNIZANT – SOFTWARE ENGINEER CLIENT – INTUIT

MAY 2023 – Present

- Developed and maintained Java Spring Boot microservices for financial data integration with Intuit products (Mint, QuickBooks).
- Built secure REST APIs to fetch and process bank account and transaction data from international banks.
- Enhanced and modified web screen scraping scripts to extract account and transaction details, improving data accuracy and reliability.
- Improved automation coverage and handled edge cases in scraping scripts, ensuring robust data extraction.
- Debugged and resolved production issues by analyzing Splunk logs and HAR files, reducing failure rates.
- Developed a Splunk automation tool in Java to validate financial data, reducing manual effort and increasing accuracy.
- Monitored system performance using Splunk dashboards, proactively detecting and resolving issues within a 2-hour SLA.
- Collaborated with cross-functional teams and international clients for requirement analysis and solution delivery.
- Technologies:** Java, Spring Boot, Microservices, JUnit, GitHub, Jenkins, Maven, Splunk, Screen Scraping

PROJECT

SaveMeMoney — [Price Comparison Platform](#) (Cognizant CSD Training Project)

OCT 2022 – MAR 2023

- Built Spring Boot REST microservices to aggregate product prices from multiple e-commerce sites.
- Implemented web scraping using Jsoup to extract product details from Amazon, Flipkart, etc.
- Designed MySQL database for product storage and optimized querying.
- Developed Angular frontend with search and filtering capabilities.
- Technologies:** Java, Spring Boot, Jsoup, MySQL, Angular, Maven

TECHNICAL SKILLS

Languages:	Java
Backend:	Spring Boot, Spring MVC, Hibernate, JPA
APIs:	RESTful Services, Microservices Architecture
Database:	MySQL, SQLite
Tools:	Maven, Git, IntelliJ IDEA, Eclipse, VS Code
Testing & Quality:	JUnit, SonarQube

EDUCATION

KLE Technological University	Karnataka, India
Master of Computer Application; CGPA: 8.96	2021-2022
Karnataka University Dharwad	Karnataka, India
Bachelor of Computer Applications; 81.37%	2017 – 2020

CERTIFICATES

MYSQL 5.0 Developer | UDEMY
Programming in HTML5 with JavaScript and CSS3 | UDEMY
Bootstrap | UDEMY
RDBMS | UDEMY

ACHIEVEMENTS

Participated in cognizant Hackathon
